VOTERS APPROVE ISSUING BONDS

All three of the bond issues appearing on the local ballot last Tuesday were given the necessary two-thirds majority by the voters of the town who took enough interest in the matter to vote. The fourth measure on the ballot, the exclusion of a tract of uninhabited land on the marsh east of town, from the city limits, received an overwhelming majority.

The vote as cast on the bond issue of $30,000 for the purchase of the water works of the Redwood City Water Company was as follows, according to precincts:

Precinct No.	1	2	3	4	total
For:	113	73	89	116	391
Against:	63	38	47	19	167

The second bond issue, that of $20,000 for the construction of a retaining wall on Jefferson avenue, received the following votes:

Precinct No.	1	2	3	4	total
Yes:	147	67	98	114	426
No:	26	38	36	19	119

The vote cast for the bond issue for the purpose of building a storm sewer to connect the present sewer on Broadway with that on Brewster and Walnut streets was as follows:

Precinct No.	1	2	3	4	total
For:	147	75	100	121	443
Against:	27	28	32	8	95

The vote for the exclusion of the marsh land from the city limits was as follows:

Precinct No.	1	2	3	4	total
For:	107	49	83	105	344
Against:	22	13	12	3	50

STANLEY DENIED NEW TRIAL HERE

Another attempt of Benjamin B. Stanley to get control of money left to his grandmother by his deceased mother was frustrated here this week when Judge Benjamin K. Knight denied a new trial to the plaintiff. On several former occasions, Stanley has endeavored to make a case in court and has filed several suits against his grandmother, Mrs. Lidia Barney, and her attorney, Edward F. Fitzpatrick. All attempts have been unsuccessful, however.

RUNNYMEDE RESIDENT STRUCK BY AUTO

As a result of an automobile accident, which occured near Mayfield, Sunday night, A. J. Radivoj, a berry grower of Runnymede, is suffering from severe cuts and bruises. Radivoj was operating a truck at the time, and a touring car driven by George Forroggiaro, cashier of the Bank of Italy in San Francisco, crashed into the truck, badly damaging both cars. The occupants of the touring car were cut by flying glass, but not seriously hurt.

BISHOP BURLESON AT MEN'S DINNER

Bishop Burleson of South Dakota will be the special speaker at the men's dinner on Wednesday evening next, October 24th. The dinner will be held at the "Bib and Tucker" lunch room, 334 Sutter St., San Francisco, at 6:30 o'clock, $1.25 per plate.

The Bishop is visiting California in connection with the Forward Movement of the Episcopal church, and will also be the special preacher at All Saint Church, Ualo Alto, on Thursday evening, October 25th, at eight o'clock. The program, of course, is prepared for the inspiration of all the parishes in the diocese of California, and St. Peter's, Redwood, is expected to take first advantage of these opportunities. The general public is cordially welcome to the church service at Palo Alto.

SAMARITAN CLUB RE-ORGANIZES

The Samaritan Club, the boys' club of the Congregational church, met last Wednesday night at their club room in the rear of the church building and re-organized for the coming year. Fifteen members of the club were present, and enjoyed a supper prepared in the church kitchen by the girls of the Christian Endeavor society. John Mason, assistant superintendant of schools, and the new leader of the club, entertained the boys with a series of comic readings. Plans are underway for extending the club's activities, and an entertainment to raise money for the purchase of a radio set will take place in the near future.

George A. Ray Dies Suddenly

Geo. A. Ray, a native of La Honda and a life-long resident of this county died suddenly at his home on Phelps street, this city, last Wednesday. The Rays had recently moved here from the coast side of the county.

The deceased leaves a widow, Mrs. Emily Ray; one son, Rollin, a student in the Sequoia Higr School; three sisters and three brothers. The sisters are Mrs. Burt Weeks of La Honda, Mrs. Fannie Brown of San Jose, and Mrs. Thomas Weston of Santa Cruz. The brothers are Walter Ray of Redwood City, Newton Ray of Oakland, and Oscar John of La Honda.

Geo. Ray was 51 years of age, and a veteran of the Spanish-American war. He had been troubled with stomach trouble for some time past, but was much improved in his condition. His sudden death is thought to be the result of heart trouble.

The funeral was held yesterday from the James Crowe Undertaking parlors; interment was in Cypress Lawn.

GETS JAIL SENTENCE FOR BOTHERING CHILDREN

Joseph Gordon, who was arrested last week, and charged with annoying young children who were playing on the new grounds of the Sequoia Union High School, appeared before Justice of the Peace Ray Griffin last Monday for the second time. Gordon was taken to the Justice Court before to enter a plea. He first pleaded guilty, and then changed his mind and entered a plea of not guilty. Judge Griffin then ordered him back to jail to make up his mind. At his second appearance this week, he entered a plea of guilty and was given a sentence of sixty days in the county jail.

NEW LINES OF ART GOODS AT LOCAL SHOP

Art combined with handicraft continues to produce new designs and forms for the old familiar objects, and to cloak the ordinary and commonplace in colors and shapes of beauty and grace. A novel development of this nature is the creation of objects that lend tone and elegance to any home, from one of the implements that our forefather used as a matter of neccesity in his house lighting—the candle stick. The Specialty Shop, at 72 Broadway, has just received a new and varied line of hand decorated candle sticks and candles in elegant and tasteful forms and colors, and in styles never displayed in this vicinity before. Another line of new goods just received by the Specialty Shop is a shipment of genuine Indian hand woven rugs, shipped directly from Asia. Many other object of art are on display at the Specialty Shop, where the public is welcome to inspect them at any time.

FRATERNAL AID UNION TO HOLD CARD PARTY

The local lodge of the Fraternal Aid Union will give a card party in the Foresters' Hall on the evening of Tuesday, October 23. A number of valuable and useful prizes are now on display in the window of Peterson's jewelry store. Elaborate preparations have been made, and, if the last party may be taken as a criterian, the affair will be a great success.

PIPE FOR HETCH HETCHY

The gentle Indian with his pipe of peace, who roamed over the fertile valley of the Santa Clara, has been displaced by the white man with his piece of pipe, who now roams over everywhere. A striking example of this is evident to Redwoodites, who have watched the great pipes passing through town on their way to the Hetch Hetchy bridge. Great sections of steel pipe, each section a truck load, have been making their way through here and out the Middlefield road, from the point north of here where they were unloaded.

RELIEF CORPS VISITS HOSPITAL

A visit to the veterans of the Base Hospital at Menlo Park was made this week by a committee of ladies from the Gen. Geo. S. Evans Relief Corps and their friends. Those who visited the hopsital were Mrs. Mary Winter and the Misses Annie Bullivant, Grace Bullivant and Inez Jameson.

The ladies took with them a supply of goodies sent to the boys by Mrs. Con. Drathman, and the Misses Sallie Nelson, Clarice Cullen and Margaret Cullen, and flowers donated by other members of the Corps.

Items of Interest From Woodside and Vicinity

Charles T. Bradley and family have returned to Woodside after the summer spent at their resort at Lake Tahoe. Mr. Bradley reports a less succesful season than usual due to a late spring and an early fall. The fishing at the lake was particularly good this season, but the weather conditions were not of the kind to bring the maximum number of visitors.

Grover Neuman has sold to Mrs. Fraser the property he recently bought on the highway. He had intended building a home here, but finally decided to buy a place in Burlingame as being more convenient to his place of business. Mr. Frasér expects to build upon this property in the spring.

J. B. Perry celebrated his birthday with a barbecue dinner served to a large number of his Redwood City friends at the little forest home of Dr. Soss. An elaborate menu was served and all reached home safely.

Mr. and Mrs. Harold Allen, former residents of Woodside, have purchased a very cosy home at San Bruno.

Mrs. O. E. Blackington spent several days this week in San Francisco, visiting Mrs. Stein.

The Nelson cottage, recently vacated by Percy Weeks, has been taken by William McDonald.

Tony Zaephel is proudly announcing the arrival of a new member to his family, who has already been named Alexander. When you consider that his other three children are girls, you can find some excuse for Tony's present lofty attitude.

The fooball game between the mixed teams from the Woodside and Los Lomitas districts on Sunday resulted in a victory for Woodside with a score of 30 to 0. Fired with the desire to retrieve the reputation of their district, the Los Lomitas grammar school then and there challenged the Woodside school for a game to be played on Wednesday. And on Wednesday with fire in their eyes, they wiped out the stigma of various former defeats by winning from Woodside by a score of 24 to 0. And the end is not yet—Julian O'Neill was the efficient referee at both games.

NEIGHBORS OF WOODCRAFT ELECT NEW OFFICERS

The local lodge of Neighbors of Woodcraft met last Thursday evening, and elected the officers for the coming term. Those who were elected last night were as follows:

Guardian Neighbor, Florence Sahlberg; Advisor, Gertrude Leo Pard; Magician, Mary Lawrence; Clerk, Selma Locker; Banker, Daisy Kreiss; Attendant, Aida Loucks; Captain of Guard, Laura Walker; Inside Sentinal, Afphia Peterson; Managers, Emma Winter, May Maloney and Harriet Sahlberg; Press Correspondent, Cora Tucker.

A new room has been added to the Heintz home on Cooley avenue.

IMPORTANT DEVELOPMENTS BEING MADE BY OUR LOCAL INDUSTRIES

DEVELOPMENT OF MANUFACTURING PLANTS IN REDWOOD CITY PRESAGES IMPORTANT CHANGES IN TOWN

What appears to be the beginning of an unprecedented industrial awakening for Redwood City seems to be taking place at the present time, and from present indications bids fair to place this community in a class far beyond the fondest hopes of the optomists, who have been in the past prophesying the future greatness of Redwood City. A scene of general activity greets anyone who will visit the marsh east of town; activity far beyond anything ever seen in the past.

The gangs of men who are at work on the site of the cement works have transformed the low laying marsh into a large plane composed of shells dredged from the bottom of the bay. A pile of shells containing 70,000 cubic feet of material is now heaped up awaiting the erection of the immense factory that will transform them into the highest grade of cement. The large plane being formed will be the site of the factory buildings, construction on which will be started very shortly. A number of car loads of shells have been shipped by the owners of the cement property, to a plant now being operated by them, for the purpose of erperimentation. Experiments will be made upon these shells to determine the best methods to use in handling them in the manufacture of cement. The dredgers are still at work, piling up shells, and a new addition has been made to the equipment in the form of a building, which will be used as a bunk house for some of the men who will be employed upon the work. The building was moved from a point further up the bay and was brought down on scows.

Another plant that has made great progress within the last few months is the National Magnesia Manufacturing Company. This plant which began here a few years ago on a very small scale, is now one of the largest factories of the town. Expanding every year and adding new equipment and making additions to their now immense plant, the National Magnesia Manufacturing Company is still continuing to add to their factory. This week the factory here is being extended by the addition of the equipment of the Magnesite Products Company of Patterson, which concern was recently bought by the local firm. In addition to this great expansion, new buildings are being erected, at the cost of thousands of dollars. A new drying house is now being built, which when completed will be 30 by 107 feet. Other houses similar to this one are soon to follow. The office of the company have been rebuilt and extended, and now consists of as fine a suite of rooms as any factory of the size can boast of.

The Plant Rubber & Asbestos works are also making great changes in their plant here. A new, large warehouse has been constructed and other buildings are soon to be built. A spur line of the railway is to be built into the plant. Some of the buildings of the plant will have to be moved to make way for the new railroad connecting the new cement works with the main line. A large force of men is at work building new ponds for the factory, which uses the bay water in their manufacturing process.

Another development, due to the starting of work on the cement works, is the moving by the Pacific Gas & Electric Company of their line of poles along the Deep Water Road. The company has a large force of men at work moving the poles to what will be the outer edge of the road, which is to be constructed shortly. Until now the poles have been along the outside of the present road which is much narrower than the one to be built. It is also expected that the gas company will move their pole yard to a site near where the "round house" now stands, and in time it is thought that the sub-station will also be moved somewhere out near the cement works. The latter move has not yet been definately decided upon, according to Manager Kellogg, but will be determined by the needs of the cement works. The company will make arrangements to serve the new factory with the greatest economy possible, and will place the sub-station where it will best meet the needs of the new plant.

LOCAL HAPPENINGS OF GENERAL INTEREST FOR WEEK

Mr. and Mrs. George McNulty and Mr. and Mrs. C. H. Locker are spending the week end on the Pescadero creek.

Oscar Olson, a senior at the University of California, came home for a visit with his parents yesterday.

Mrs. W. H. Doxsee was hostess to a number of her friends at her home in Wellesley Park last Thursday. Those enjoying her hospitality were Mrs. C. G. Uhlenberg, Miss Sallie Nelson and Miss Clara Shelley.

The Auxiliary of the local post of the Legion were hosts to the visitors in San Francisco to the Legion Convention, at an entertainment held at the St. Francis hotel yesterday.

County Superintendent of Schools Roy W. Cloud returned yesterday from the conference of school superintendents held at Riverside.

"Christian Healing" will be the subject of the sermon at St. Peter's Episcopal Church, Washington St., on Sunday morning. The public is cordially invited.

Mr. and Mrs. Irving Cooper and John F. Johnson of this city; Thomas Johnson of Half Moon Bay and Leslie Johnson of Santa Cruz have returned from a motor trip in the southern part of the state.

J. J. Travers and his charming wife returned from Weymouth Inn on the Eel river, Humboldt County this week. They had a delightful time catching speckled beauties, which abound in this river. When leaving, A. D. Walsh and wife arrived to spend a week or ten days at the Inn. Mr. Walsh is an expert fisherman and will no doubt be successful in catching the limit daily.

Mrs. Lotie Heise is visiting her daughter, Mrs. W. T. Davis, at Pleasanton ,across the bay.

Miss Deloris Tarr of Carmel was a visitor for three days this week with Mr. and Mrs. Arthur Provost at their home on Arch street.

The many friends of Donald MacKenzie will be glad to hear that he is improving from a slight operation, which he underwent at the Mills Memorial Hospital. He is still at the hospital, however.

Mr. and Mrs. Robert E. O'Connell are receiving the congratulations of their friends upon the arrival of a baby boy born last Wednesday. Mrs. O'Connell was formerly Miss Annie Walker.

When you get to know him well, a "model man" often is just that—a model, which is an imitation of the real thing.

DUMBARTON BRIDGE MEETING LARGELY ATTENDED LAST NIGHT

A public meeting of the Dumbarton Bridge Association was held last night in the supervisors room in the court house here. The meeting was for the purpose of laying before the people the general plans for the bridge, and to explain the various steps that will be necessary before the actual work on the bridge can be started.

The principal speaker of the meeting, which was held under the able chairmanship of Frank K. Towne of this city, president of the Dumbarton Highway Bridge Company, was John L. Harrington, engineer of the company and one of the members of the firm of Harrington, Howard & Ashe, national famous bridge builders. Howard, in a short but interesting manner told of the methods that would be employed in organizing the matter, and of the delays that would inevitably have to be expected. He spoke in glowing terms, however, of the project and complimented the men who were responsible for the inception of this ieda, for their forethought and public spiritedness.

Other well known promulgators of the bridge idea present were Fred Drake of San Carlos, Phil R. Thompson of San Francisco, and John MacBain of Menlo Park.

This is a third of a series of meetings that have been held this week, in orde rto acquaint the public with the great work that is being done. The first was inf Niles last Monday, and was followed by another in Palo Alto the next day. Another meeting will be held in Niles next Monday for the benefit of the whole district involved.

CONGREGATIONALISTS NEW ART WINDOW

A new art glass window was installed in the east wall of the Congregational church building here this week. The new window depicts the "Rock of Ages," and has been given a central position in the group of three windows nearest to the corner of Webster street on Jefferson. The window bears no inscription, except that it is given to the church by friends. The identity of the giver has not been made known.

For Uniform Dress For School Girls

The natty dark uniforms worn by the young girls of Notre Dame Academy and the pupis of Notre Dame Academy at Belmont are much to be admired. The girls look attractive and neat with this dress, and at school they are on an equality. All wear the same style of dress so that the poor man's daughter need fear no humiliation at the sight of the silk and satins of the rich man's girl. The high schools should adopt some similiar style of uniform that would be neat and attractive yet costing very little and at the same time causing all the young ladies to meet in an equality at the class room. This indeed would be a good lesson in democracy and at the same time give a good moral effect. The morale of the schools would be enhanced. Those in shabby dresses could feel that they were the equal to the more fortunate ones with plenty of nice clothes. Many a poor mother could rest from worry and mother could rest from worry and toil, her nimble fingers cease from work on dresses often made at the midnight hour. Her motherly pride wants her child to appear jest as attractive as the others and it has been known that mothers will work over the washboard all day that her daughter may wear just as nice clothes as does Miss Brown or Miss Jones.

This could all be avoided by the adoption of some uniform dress. The time is passed in this country when there should be class distinction, whether in the schools or in other places. "All men are created equal." "Six feet of earth makes us all of one size." There is only a short span between the noisy cradle and silent grave, and why should there be social grades and social distinctions? The proper place to teach this equality is in the schools, beginning with the uniform habiliments of the pupils.

YOUTHFUL BURGLARS HELD OVER TO SUPERIOR COURT

Teddy Martin and Clyde Compton, youthful burglars recently arrested in San Francisco for burglaries committed in Redwood City and other towns along the Peninsula, were taken before Judge Griffin of the local jusitce court last Thursday. The boys giving their ages as 16 and 17 respectively, were held over to the Superior Court and will be tried in the near future. A large amount of loot has been recovered from various pawn shops in Sa nFrancisco, and identified by the police of the Peninsula towns.

FLAMES ENDANGER REDWOOD CITY BUSINESS DISTRICT

Flames of unknown origin yesterday endangered the whole south side of the Broadway district, and were subdued only by the most strenuous efforts of the local fire department. About five o'clock a blaze was discovered in the upper portions of the buildings occupied by the Standard Printing Company, The Layng & Tinney Undertaking Company and the Economy store. An alarm was immediately sent in and brought an instant response from the local firemen. Half an hour was consumed before the flames could be got under control, and much damage was done by the water. The heaviest sufferer from the conflagration was the Layng & Tinney Undertaking Company,, whose stock was wet rather badly.

DEFENDANT GETS $2,790 DECISION

A case in which the defendant in a $40,000 suit came out victor with $2,790 coming to him was just settled in the court of Judge Knight of Santa Cruz County, with Judge Norton of San Luis Obispo presiding. The plaintiff in the case was Dr. C. V. Thompson of Pescadero, who filed suit against C. H. Wideman of Pescadero for $40,000 for alleged services. The defendant entered a counter suit and was granted a decision of $2,790.

Little Earl Dykes, who has been visiting with his grandparents, Dr. and Mrs. J. P. H. Dykes, left this week to join his parents in Richmond.

New S. P. Time Table

Details of the new time table for the Coast Division of the Southern Pacific, placing a number of new trains in Peninsula service were made public today by C. L. McFaul, General Passenger Agent.

There will be three new trains from San Jose to San Francisco, and two from Mayfield to San Francisco; three new trains from San Francisco to Mayfield and one new train from San Francisco to San Jose; an extension from San Jose of one train now originating at Mayfield, for San Francisco. All the new trains will run daily including Sunday.

The new schedules will be placed in effect October 21. The new trains will be as follows:

Leaving San Francisco at 9:30 A. M. and arriving at Mayfield at 10:30 A. M. Regular stops South San Francisco, Broadway, Burlingame, San Mateo, Redwood City, Palo Alto Flag stops at San Bruno, Lomita Park, Millbrae, Leslie, Beresford, Belmont, San Carlos, Atherton and Menlo Park.

Leaving San Francisco at 10:30 A. M. and arriving at Mayfield at 11:30 A. M. Same stops as for the 9:30 A. M. train.

Leaving San Francisco at 3:30 P. M. and arriving at Mayfield at 4:30 P. M. Same stops.

Leaving San Francisco at 11:30 A. M. and arriving at San Jose at 1 P. M. Regular stops at Bayshore, Broadway, Burlingame, San Mateo, Redwood City, Palo Alto, Mountain View, Sunnyvale, and Santa Clara. Flag stops at San Bruno, Lomita Park, Millbrae, Leslie, Beresford, Belmont, San Carlos, Atherton, Menlo Park, Mayfiled, Lawrence and College Park.

WESTBOUND

Leaving San Jose at 9:30 A. M. and arriving at San Francisco at 11:00 A. M. Regular stops at Santa Clara, Sunnyvale, Moutain View, Palo Alto, Redwood City, San Mateo, Burlingame, Broadway and South San Francisco. Flag stops at Lawrence, Mayfield, Menlo Park, Atherton, San Carlos, Belmont, Beresford, Leslie, Millbrae, Lomita Park and San Bruno.

Leaving San Jose at 11:03 A. M. and arriving at San Francisco at 12:30 P. M. Same stops as for train leaving San Jose at 9:30 A. M. with addition of College Park as a flag stop.

Leaving San Jose 1 P. M. and arriving San Francisco at 2:30 P. M. Same stops as for 11:03 A. M. train.

Leaving Mayfield at 2:15 P. M. and arriving at San Francisco at 3:15 P. M. Regular stops at Palo Alto, Redwood City, San Mateo, Burlingame, Broadway and South San Francisco. Flag stops at Menlo Park, Atherton, San Carlos, Belmont, Beresford, Leslie, Millbrae, Lomita Park and San Bruno.

Leaving Mayfield at 5:15 P. M. and arriving at San Francisco at 6:15 P. M. Same stops as for 12:20 P. M. train.

Trains Nos. 64 and 66, now leaving San Francisco at 10:00 A. M. and 2:15 P. M. respectively and making their terminus at Mayfield, will be extended to San Jose, reaching that city at 11:30 A. M. and 3:45 P. M. respectively.

Train 65 now leaving Mayfield at 3:56 P .M., arriving San Francisco 5 P. M., will originate at San Jose, leaving that city at 3:30 P. M., arriving San Francisco same time as at present.

Train No. 50, which leaves San Francisco at 5:30 P. M., and runs through to San Jose, will make Mayfield its terminus.

Trains 35, 61 and 41, which now leave from San Jose at 5:50 A. M., 6:20 A. M., and 6:35 A. M. respectively for San Francisco, will run from Mayfield to San Francisco instead, leaving Mayfield at 6:15 A. M., 6:45 A. M., and 7:06 A. M., and arriving San Francisco at 7:20 A. M., 7:50 A. M., and 8:15 A. M. respectively.

These trains handle commutter traffic north of Mayfield and have been running virtually empty between San Jose and Mayfield. With the establishment of tie-up facilities at Mayfield, the necessity of running these trains out of San Jose no longer exists.

Train 23, which originates at San Luis Obispo, leaving that city at 6:00 A. M., will be a non-stop train from San Jose to San Francisco, arriving San Francisco at 2:05 P. M. instead of 3:10 P. M. as at present. It will leave San Jose at 12:55 P. M. instead of 1:30 as at present.

The Del Monte Limited, starting October 21, will stop only at Palo Alto, Redwood City and San Mateo, to discharge passengers, and will arrive at San Francisco at 12:10 P. M. instead of 12:20 P. M. as at present. It will leave San Jose at 11:00 A. M. instead of 11:04 A. M.

Train No. 55, which now leaves San Jose at 4 P. M. and arrives San Francisco at 5:45 P. M., will leave San Jose at 3:45 P. M. and will reach San Francisco at 5:30 P. M.

Train 63, which now leaves Mayfield at 12:38 daily excepts Sundays, will leave at 12:20 P. M. daily and arrive San Francisco at 1:20 P. M.

Train 67 leaving Redwood City at 6:07 P. M. and arriving at San Francisco at 6:50 P. M. and train 81 leaving Mayfield at 6:40 P. M. and arriving San Francisco at 7:30 P. M., will be taken out of service. These trains have been merely for the purpose of returning equipment to San Francisco terminal after handling outbound commuter traffic in the afternoon.

Train 85, now leaving San Jose at 6:50 P. M., arriving San Francisco 8:15 P. M., will leave San Jose at 6:35 P. M. and arrive San Francisco at 8 P. M.

COUNTY PARK FOR MEMORIAL

Following out a suggestion made some time ago in an editorial in this paper, the Board of Supervisors, last Monday, voted to call the park Memorial Park of San Mateo County. The park, which consists of a grove of virgin redwood timber, just over the summit on the Pescadero creek, will make one of the most beautiful and lasting memorials that could be divised to honor the memory of the boys from this county who gave their lives in the great war.

It is also proposed to erect a memorial gate at the entrance of the park, the gate to be erected by public donations. Supervisor Hickey stated that he would be glad to start subscriptions for this purpose by giving one hundred dollars.

The mater of dedicating the park was discussed by the board, and Supervisor Hickey was appointed to confer with officials of the American Legion on the details of the dedication.

Much public comment has been made on the decision of the supervisors to make the newly acquired property a memorial park, and from all accounts, the action is meeting with the same approbation which greeted the original purchase of the tract.

SAN CARLOS

Mrs. Benjamin F. Perry of Lexington, Kentucky, is the guest of her brother and family, Mr. and Mrs. John E. Cowgill, at San Carlos

Mrs. Perry has recently returned from an extensive trip in Europe, where she went to make a close study of political and economic conditions.

Mrs. Perry went abroad at the suggestions of her friends that she make the race for United States Senator from Kentucky in 1924. Her decision to enter the campaign was arrived at and announced from Paris, France.

From young womanhood Mrs. Perry has been active in the civic and club work of her state. She was a state delegate to the Pan American conference held at Baltimore and Washington last year. She also attended the International Woman's Congress at Rome in May of this year as a representative of the southern states. While abroad she attended sessions of the Italian, French and English parliaments. Being present when President Poincare spoke on the Rhur situation. Also in the British House of Commons when Premier Baldwin addressed that body, and at another session when Lady Astor's drink bill was passed. She was also present to listen to the debate on the establishment of a naval base at Singapore. On her trip west, Mrs. Perry came through Canada, as she is very interested in the question of reciprcity as advocated by the Minister of Finance of that country. Making a short stay at Montreal and Calgary, in the province of Alberta where Mr. Perry and other business men of Lexington have large land holdings. Her visit to California has extended over a period of about six weeks. Having visited a sister at Sacramento; a daughter at Patterson and a sister in Santa Cruz before coming to San Carlos. After returning with her daughter, who is attending the Eastern Star convention in San Francisco from Patterson, she will return home the S. P. route through New Orleans. This is Mrs. Perry's second trip to California, she having attended the Panama Exposition in 1915.

WHOSE FAULT IS IT?

The two boys who killed Arthur Meehan, Chief of Police of San Bruno, have confessed and will soon be sentenced for their crime. The state must protect society, and must put such youths where they cannot commit further acts of violence. The boys in question are not bad looking young fellows. They are apparently intelligent.

We wonder whose fault it is that they decided to enter a life of crime. They had about them every opportunity to make an honest living, but of their own volition they chose to plunder and to kill. Was it the fault of the home? Was it the fault of the school? Was it evil associates?

We cannot answer, but this much we know, had the communities in which they grew up had places for them to congregate and enjoy themselves under proper supervision, their chances of going astray would have been minimized. Modern civilization with its movies and motors and thrills has many things to learn concerning the welfare of its youth.

SCHOOL DAYS

According to Hon. Will C. Wood, there are now 912,588 boys and girls enrolled in the schools of California. This is getting up close to the million mark, and it is safe to say that the million attendance will be passed within two years.

These million youths are securing a good education. They are getting a much better brand and kind of education than was given to their fathers and mothers. They are attending better and more beautiful schools and are instructed by better trained teachers than those who wielded the rod thirty to forty years ago. We believe that because of this the children are better tha nthey were twenty to thirty years ago. Had the middle aged men of today had motors, etc., in their youth, they would probably have been more reckless than are the youngsters of today. The schools are doing a good job and their product will be an improved order of citizenship.

YANKS WIN

The Yankees won the series and are the champion baseball players of the world. People paid over a million dollars to see the games and were well repaid for their expenditure. Baseball is a fine, clean game, and while it is conducted professionally, graft and dishonest dealings have been kept out of big leagues and so people are sure of the proper brand of clean, fine sport.

The national game is an outdoor pastime that arouses intense feelings in many ways. The most ardent fans are usually noisy and vociferous—others, however, will go to a game and sit in moody contemplation of wonderful playing and go home in a grouchy condition because their side lost—mostly, however, it teaches a fine brand of sportsmanship, and that is where its value lies—it teaches the youth of the land to "play the game" in a clean gentlemanly manner.

LOTS OF PEOPLE BELIEVE IN SIGNS

One day this week a stranger stopped into our office to ask the name of the street he was on, and complained a little of the absence of street markers on our streets. It often takes a stranger to notice our shortcomings, when they pass unnoticed by ourselves. While many of our streets, especially in the new sections of town are plainly marked with their names, the majority are not. Our street system, a system that has grown from a few short streets, by the addition of other streets running in this direction and in that, until it has become somewhat of a maze, is confusing enough to the stranger in town. It is a courtesy the town might well afford to the stranger withni its gates to have the name of each street plainly marked. The cost would be negliable, and the result would make our town a little more attractive to its visitors.

IN MEMORY OF THE PAST

Yesterday a number of women of the territory surrounding the site where Camp Fremont stood in the days of the World War erected a bronz tablet to comemorate the spot where the camp stood. Five years ago row upon row of tents, supply houses and barracks; today: only a bronz tablet marks the spot. The camp where men were trained to fight the battles of humanity, of civilization and of freedom is only a memory. The women who conceived the idea of this memorial plaque deserve the praise of their communities. It has been said that "without vision the people die." It is equally true that without tradition, community spirit is imperiled. It is the little local traditions that bind neighborhoods together, and make communities out of groups of people. The great events that have stirred the people in the past, should be cherished in the memories of generations to come, and the plaque set up yesterday at Menlo Park will serve to keep fresh in the memories of the people th days when Menlo Park was the training post of the army of Freedom.

EDUCATION AND DEMOCRACY

Democracy lays heavy responsibilities on the individual. It gives him much and it expects much from him in return. It makes him prove his worth, for that is the basis of his place in a democracy. Lord Bryce, a profound student of American government, declares that while no government gives so much to its people as does a democracy, at the same time none demands so much of its citizens. The fathers of the Republic saw clearly the self-evident truth that the stability and endurance of their hope lay in the wisdom and virtue of the people.

CONFESSED MURDERERS BROUGHT BACK HERE

Two men giving the names of Joseph Tanko and Floyd Hall were arrested in Los Angeles last week for the murder of Chief of Police Meehan of San Bruno, who was shot and killed at the railroad crossing at San Bruno on September 18. They confessed to the crime, and were held in the southern city until Sheriff Lampkin of this county and detectives Leo Brunner and George McLaughlin of San Francisco were able to reach there and bring them back.

The men were taken to San Francisco Sunday, and held there, where they are wanted on several charges, until Tuesday night, when they were brought to Redwood to be held pending their trial for the murder of the police chief.

In their confession in Los Angeles, the two men are said to have admitted that they had committed a holdup in San Francisco, and were driving south to escape the police there. They got onto the tracks of the railway just as the gates were being lowered, and seeing no way to get off, drove through the gates. It was for this that chief of police Meehan tried to stop them, but thinking that he was following them from the city, they shot and killed him.

Both men are said to have bad records in Colorado, from whence they both come. They are both young, Tanko, who also uses the name of Panko, being 21, and Hall, otherwise known as Harvey, is 19.

TAX COLLECTOR CHANGES TAX NOTICE FORMS

County Tax Collector A. McSweeney announces changes in his office regarding tax notices:

The taxpayers this year, instead of being notified by the usual postcard, will have mailed to them an exact duplicate of the original bill, giving description and valuation of property, both real and personal, tax rate and total tax.

This notice should be returned without fail to the Tax Collector when making payment.

FIVE DAYS TO FILM FIGHT

Milton Sills and Noah Beery, principals in Jesse D. Hampton's picturization of "The Spoilers," claim the world's championship in the long distance fighting handicap.

Sills, playing the role of Glennister, and Berry in the role of McNamara, battled five straight days, shed quantities of real gore and received more black and blue spots than there are on a Chinese lottery ticket before they satisfied Director Lambert Hillyer.

They were taking scenes in the fight which occurs between the two enemies in Rex Beach's novel, "The Spoilers," which comes next Monday and Tuesday to the Sequoia theatre, and were determined to outdo the famous screen battle staged by William Farnum and Tom Santschi in a film version of the book made ten years ago.

TWENTY-FIVE YEARS AGO

Appeared in Times-Gazette October 12, 1898.

Since the Klondike broke out, a number of Alameda young men have tempted fortune by going to the far north and prospecting. But few of them have made enough to pay the expenses of their trips. William Parker, a former car conductor, proves a pleasing exception to the rule. A few days ago he returned from Dawson with his pockets bulging with gold dust, and Wednesday, to add to his good fortune, he took unto himself a wife in the person of Miss Jennie Halley of that place. Mr. Parker is well known in this city, having stopped with his friend, Mr. Rivers, at the Grand Hotel on several occasions. He was the first to start north when the discovery of gold was made.

Not in years has there been such a demand for houses in Redwood City. There are but few vacant houses in town, which goes to show that Redwood City is begining to enjoy a share of that prosperity which is abroad in the land.

ELECTRICITY
—the fuel of conservation

POWER companies do not despoil or waste the state's natural resources. They merely use the force of falling water to turn a wheel in order to make electric energy. Thus fuel is saved, and the public gets the benefit in lower rates fixed by the public's agent, the Railroad Commission. The water so used is turned back to the bed of the stream undiminished and unimpaired. The streams are thus harnessed for the public's service. That is true conservation.

PARENT-TEACHER ASSOCIATION NEWS

The Ravenswood Parent-Teacher Association will give a card party for the benefit of the fund for furnishing the Ravenswood School Auditorium on Saturday evening, December 8th.

Plans for the party were made at the regular monthly meeting of the association on Thursday, October 11th. The meeting was well attended, eleven new members being added.

"Pull Together Always" was adopted as the P. T. A. motto.

A home department was added to the organization.

Mrs. S. P. Faber, chairman of Child Hygiene, reported that the children had been weighed and measured for the month of September.

Miss Ruth Harris, teacher of music at the Ravenswood School, reported that she had ordered five music stands for her school orchestra.

The P. T. A. has purchased for the kitchen the following: 8 dozen cups, 6 dozen spoons, 8 pairs creamers and sugar bowls.

Leroy Stransky presented the association with two serving trays.

It was announced that the recent paper drive netted the association $8.30.

It was decided that each month an invitation to attend the regular P. T. A. meeting should be taken to the mothers by the school children, the mothers signing and returning the card to the teacher. The invitation is to count as a writing lesson for the child.

Mrs. Francis Hambleton, principal of the Ravenswood School, gave a talk on "The Relation of Parent-Teacher Association to the teachers" and Mrs. J. A. Cameron spoke on "How the Parent Can Aid the Teacher."

The reception for the teachers of the Sequoia Union High School and the Ravenswood Grammar School on Friday evening, October 12th, was well attended, about 200 persons being present.

Mrs. Thomas H. Armstrong was chairman of the evening. Mrs. J. H. Stubble was in charge of the refreshments and Mrs. Otto K. Herbig arranged the decorations.

A feature of the program was a debate "Resolved that Spinsters are more important to a community than bachelors." The affirmative was taken by Mrs. B. E. Crosby and Miss Katherine Boyle; the negative by A. M. Cuthbertson and V. Harding. The judges were Mrs. J. B. Maynard, L. H. Brown and A. C. Argo, who decided the debate was a tie.

Miss Pauline Brooke sang "Remembering" and Otis Carrington, director of music at Sequoia High School, gave several selections. The games arranged by Mrs. J. A. Cameron and Mrs. B. E. Crosby were played. Refreshments were served and the evening concluded with the singing of the new Parent-Teacher's song.

"Paw, what is the difference between capital and labor?"

"Wall, the money you lend represents capital, and getting it back represents labor, my son."

Drive to Control Peninsula Traffic

(Contributed by the California State Auto Assn.)

Eight bus drivers were arrested Saturday afternoon and Sunday in the second of a series of drives conducted by the State Motor Vehicle Department, at the instigation of the California State Automobile Association, to control bus traffic down the San Francisco Peninsula. Four operators were charged with reckless driving and four with cutting in. They were cited to appear Friday afternoon before Judge Ray Griffin of Redwood City.

Operators arrested and charged with reckless driving, according to the report made by Mike Brown, divisional traffic inspector were: E. H. Mowart, R. Taylor, C. H. Holy, all of the Peninsula Rapid Transit system, and D. W. Murray an operator for the Pacific Auto Stages.

D. W. Howard and J. Curtright of the Pacific Auto Stages and A. B. Weed and D. Morehouse of the Peninsula Rapid Transit system were charged with cutting in.

All of the arrests were made Saturday and Sunday between San Francisco and Palo Alto by traffic officers operating in an automobile. On the first drive several weeks ago, 12 drivers were arrested and fined for various infractions of the Motor Vehicle Act.

Automobile Association officals declared yesterday that bus operators on the Peninsula habitually exceed the speed limits and have little regard for the rights of other drivers on the highway. The schedules are so fixed, they declare, that bus operators can not meet them without regular infractions of the traffic laws.

For months motorits have filed complaints with the Public Safety Department of the Automobile Association and with the State Motor Vehicle Department reporting numerous instances where they have been crowded off the highway narrowly escaping serious accidents, by bus operators driving at excessive rates of speed through congested traffic.

When the Public Safety Department of the Association placed these complaints before the Motor Vehicle Department, Will E. Marsh, chief of the Division of Motor Vehicles, agreed to co-operate by placing state traffic inspectors on the Peninsula to curb reckless driving, cutting in, and speeding by bus operators.

The San Francisco Chamber of Commerce through its traffic bureau is co-operating with the Automobile Association in its efforts to make the Peninsula highway safe for motor traffic and end what they declare to be unfair and improper methods employed by bus operators.

According to Inspector Brown's report, traffic officers Sunday drove to the bus terminal at Fifth and Market streets and followed the Pacific Auto Stage driven by D. W. Murray, which left the terminal at 3:40 P. M. They report that the stage traveled out Market street from Fifth street making a speed from 25 to 30 miles per hour. After leaving the city limits, they report that Murray drove through heavily congested traffic sometimes reaching a speed of 40 miles per hour, cutting in, and driving between two lines of machines down the center of the highway.

The officers report that they could not follow Murray's stage in their car as they deemed it too dangerous for others on the road, so they turned off on a side road two miles below San Mateo and rushed to the Palo Alto Terminal, where Murray arrived in one hour and twenty minutes ofter leaving Fifth and Market streets and traveling through heavy Sunday traffic. When they spoke to him, he said that he was still late on his run.

Automobile Association officals declared yesterday that their organization, in co-operation with the San Francisco Chamber of Commerce and the Motor Vehicle Department, would continue to work unceasingly for better traffic conditions down the Peninsula by eliminating law violations and improper driving methods employed by bus drivers.

Three hundred and twenty dollars was the amount cleared by the Carnival. Four hundred and twenty dollars was taken in and the expenses approximately amounted to one hundred dollars. This leaves enough to pay the debt for which the Carnival was held. More than two hundred people attended.

Margaret Harrington and Grace Dearborn represented Sequoia Girl's Student Body at Berkeley, Saturday, September 30, in the Federation of Girls Leagues for the Bay Counties. Plans for the future were discussed.

The Wigs initiated their new members at a banquet Monday night in the Domestic Science room. Thirteen new members, Arthur Schilder, Merrill Basham, Florence Johnson, Gladys Haddock, Isabel Dodge, Dorothy Chilcott, Katherine Weber, Grace Dearborn, Francis Gunther, Jack Nystron, William Johnson, Geo. Cleese and Robert Hoffman, were initiated. "The feed," said Miss Anna Neff, sponsor of the Wigs, the lawyer's club of Sequoia, was wonderful!

Sequoia Girls' Hockey team lost to San Mateo Friday afternoon with a score of 4 to 1. As Sequoia has never had a hockey team before, the game was not very fast, but according to Miss Bradley, the girls are working hard and decided improvement will be shown in the near future.

Three bronze plaques won in the Peninsula basketball league last year were presented to the school last Friday in assembly called for that purpose. Manager Robert Poole presented the plaques to Earnest McArthur, commissioner of welfare, who accepted them for the student body. The plaques at the end of six years belong to the school whose name appears on them the greatest number of times.

Twelve pounds of Scotch toffee, a specialty of Floyd's Candy Shop, were consumed by the students of Sequoia Friady, September 28. During the noon assembly, which was called to celebrate the Carnival and the San Jose football game, the candy arrived and was distributed to the joyful students, who don't think school such a bad place after all.

"ALL NATIONS MARCHING TO ARMAGEDDON" IS TO BE TOPIC OF LECTURE

E. O. Hammond, lecturer for the International Bible Students Association, has been secured to deliver the lecture, "All Nations Marching to Armageddon," which was delivered to 35,000 people by Judge Rutherford in the Los Angeles Coliseum. He comes prepared to show that although we are passing through a troublous stage of earth's history, and although things may be a great deal worse a little later on than they are now, a time is not far distant when men and nations shall see eye to eye. No more war, famine, pestilence or death for perfect conditions are then to prevail. Many have come to set their hopes upon this future time, counting the troubles of the present as small in comparison with the joy that is to come with the inauguration of peace and harmony on earth. Lecture will be at 8 o'clock in Forester's Hall, corner Maple and Phelps.

People who succeed never complain about never having "had a chance." They specialize on making chances.

BOAT WRECKED OFF PESCADERO

The fishing trawler Yolanda bound for San Francisco with fish from the grounds off the coast at Santa Cruz, became lost in the fog off the mouth of Pescadero creek early Sunday morning, and ran afoul of the rocks laying at the mouth of the creek. The boat went down rapidly, and the crew seeing the danger they were in leaped into the water and made the shore, with the exception of Michael Bird, the engineer, who being below deck when the accident happened was unable to escape.

All Nations Marching to ARMAGEDDON

but—"millions now living will never die"—Judge Rutherford

THE WORLD faces a condition never before experienced. Fear has taken hold upon all classes of people because they see in a measure the things coming upon the earth. The nations are in distress and perplexity.

THE WAR did not make the world safe for democracy. The foundations of civilization are now shaken by revolution, labor strikes, official lawlessness, profiteers, bolshevism, and anarchy. Both capital and labor are resorting to extreme measures. The common people have lost confidence in their leaders. The clergy have abandoned the Word of God and joined hands with big business and big politicians in an attempt to control the world, and these are opposed by radical forces.

EUROPE is completely bankrupt, with her restless host of unemployed and discontents hourly increasing. Belligent organizations are rapidly numbering their men and taking account of their strength. All contending forces are hastening to the great battle of Armageddon. The disaster resulting is beyond the description of human words.

BUT let the people take heart. The Lord will cut short the trouble, bring order out of chaos, establish peace and righteousness; and millions of people now living will become obedient to His order of righteousness and will live on the earth forever in peace and happiness.

YOU are urgently invited to hear a lecture on this remarkable subject by E. O. HAMMOND.

NEWS OF MENLO PARK

A patient died this week at the base hospital from the effects of too much moonshine secured, it is said, from Palo Alto. The victim's illness is attributed to exposure brought on while he lay over night in San Francisquito creek, in which he fell from the Southern Pacific railroad bridge as he was walking home from Palo Alto.

The following article appeared in Ed. Hamilton's political column in the San Francisco Examiner last Monday:

"And just a word to the wise and foolish. If anybody comes around offering to bet that Senator Shortridge will not vote for this or that canditdate at the coming election don't fall into the snare. For the Senator has to be in Washington on November 7, for an important meeting of the Committee on Federal Prisons, and so is going to lose his vote at the election on the 6th."

You are wrong Mr. Hamilton, the Senator is not registered in San Francisco. He always votes in "His Own Home Town," Menlo Park.

The Board of Supervisors on Monday again postponed the hearing of the petition for the incorporation of the Town of Menlo Park to Monday, November 5. This was done owing to the absence of Chairman Thompson, who is at Honolulu. He will be back before that meeting. The petition will be then taken up and disposed of.

Exchange of postal money orders between the United States and the Republic of Germany, interrupted by the World War, is to be resumed November 1, according to advices reaching Postmaster Barney Larrecou from Washington this morning.

Today the alumnae of the University of the Sacred Heart, including many well known women of the Peninsula, will hold their annual meeting. There will be a luncheon and a brief program at the convent. Graduates of the Menlo Park School for girls include many social leaders and prominent club women of the San Francisco bay district, who will motor to Menlo Park for the meeting. Officers of the organization include, Mrs. Bernard Breeden, Mrs. Joseph A. Donohoe Jr., Mrs. Andrew Carrigan Jr., Mrs. Elizabeth Parker, Mrs. Reginald Courney Jenkins, Mrs. William G. Houston, Mrs. Phillip Lawler, Mrs. Oliver Kehrlein, Miss Esther Rossi, Miss Emilie Parrott, Miss Eileen Doyle, Miss Katherine Donohoe, Miss Helen Keating, Miss Dora Donovan and Miss Margaret Williams.

Eight Grand officers of the Companions of the Forest of San Francisco were guests of the local lodge here Tuesday night. All the visiting ladies were surprised at the progress the court here is making. They delivered enthusiastic speches telling of the progress the order was making throughout the state. After the routine business, refreshments were served in the lodge hall.

Mr. and Mrs. E. L. Eyre of Atherton have closed their home here for the winter months. Mr. Eyre, who is the mayor of Atherton, will attend all meetings of the board of trustees and will be here during the week ends.

Mr. and Mrs. E. S. Heller have moved to the city for the winter and have closed their pretty home here.

Mr. and Mrs. Sig Stern have taken a house in the city for the season.

Tubercular departments at the United States Veterans' Hospital in Menlo Park are but temporary and two special institutions for the treatment of tubercular war veterans are to be erected immediately in California, according to a statement made in San Francisco by Major General Frank T. Hines, director of the United States Veterans' Bureau at Washington.

Within 30 days, bids will be let for the building of the new tubercular hospital at Livermore which is to cost $1,250,000 and will provide 250 beds, General Hines said. Actual plans for the Livermore hospital are about 70 per cent completed and engineers are now laying out roads and planning the water supply for the new institution, he stated.

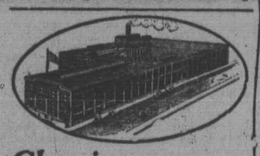
Declaring that the facilities at the Menlo Park hospital are not adequate and are soon to be replaced by permanent institutions for the treatment of tubercular service men, General Hines said.

Yesterday afternoon a bronze tablet set in concrete was unveiled at the corner of Valparaiso avenue and the State highway, the former site of Camp Fremont and the spot where the 319 Engineers were located. Ceremonies befitting theoccasion and commemorating the days of the World War and Camp Fremont's part in it was duly observed. Members of the Eight Division and officers of the American Legion, now meeting in San Francisco, arrived here early yesterday morning. Mrs. Perry Eyre headed a committee that served luncheon to the former soldier boys. A large number of people witnessed the imposing ceremony. The Eight Division that was trained at Camp Fremont was on its way to France when the armistice was signed. The 319 Engineers had reached France and was on its way to the front when the war ended. The Eight Division would have given a good account of itself had it been in action, for it was the best trained of any division in the country.

The historic spot holds much of interest to the Peninsula, and the tablet was obtained through the efforts of the women who contributed their labor to make camp life pleasant for the troops at Camp Fremont.

J. Van Huesden, who erected a neat home in the Selby Tract last year, is building another house in big proportions. Mr. Van Huesden is a retired capitalist from South America.

Countess A. Lewenhaupt has leased the T. T. Greaves place on Fair Oaks Lane near Atherton station. The Countess contemplates entertaining considerably this winter. She is a social leader and well known on the Peninsula.



Cleaning Without Odor by the

F. Thomas *Process*

Our many years of experience has taught us that it is impossible to do perfect cleaning with cheap, inferior methods. That is why we found it necessary to invest nearly $500,000 in the equipment of a plant and the establishment of an expert organization to do the quality of work demanded by our customers.

With the "F. Thomas Process" we not only remove every particle of dust but we return your garments without that usual disagreeable smell of gasoline. Every drop of gasoline we use in cleaning is redistilled and very highly refined.

Raw gasoline—the kind that you buy for your automobile—is full of heavy oils and unfit for cleaning fabrics. It is little better than ordinary distillate and leaves a sickening "gasoline" smell in your clothes

Patrick Foley, a brother of Mrs. C. E. Maloney residing on Pine St., passed away early last Saturday morning at Mary's Help Hospital in San Francisco. He lived with his mother at Burlingame and was a veteran employee of the Southern Pacific Railroad Company. Mr. Foley was a brother of Mrs. Cornelius Maloney, residing on Pine street.

The trustees of the City of Atherton held an important meeting Wednesday evening at the home of Clarence Walter, secretary of the board. Much business was transacted. The trustees have already adopted twelve ordinances. Ordinance number eight is a good one and should be adopted by the board of supervisors. It makes it a misdemanor for anyone picknicking on the highways or in the district and throwing garbage or refuse on any of the streets. Another ordinance prevents shooting in the city limits and the putting up of any signs or bill-boards on any of the highways. An ordinance regulating the wiring of new houses has been adopted as well as another making it unlawful to mutilate or destroy trees. All residents of the district must connect with the sewer under a penalty of a fine. The board has appointed the following board of health: Dr. Herndon, Geo. Kneese, P. P. Eyre, Delancy Lewis, and George M. Wilcox. George Kneese has been selected as city engineer; Mr. Heckendron, city electrician and Arthur Reddington, city attorney. The trustees are looking about for a permanent meeting place.

The following marriage license issued at San Jose last Wednesday is of interest to the people of Menlo Park. The pretty bride is the second oldest daughter of Mr. and Mrs. A. J. Carleton of this place: Benjamin B. Buckhart, 30, Palo Alto, and Edith A. Carleton, 18, Menlo Park.

Those European war clouds do not betoken a reign of peace.

Rex Beach's *The Spoilers*

An Event In Picture History!

—the photoplay epic of brave Yukon days

Rex Beach's powerful novel of the Alaskan gold rush—pioneer days in the lawless North—the conquest of a land of romance and wealth.

Where men of iron and reckless beauties flocked at the lure of wealth.

—one of the most romantic periods of history brought to the screen with this great cast:

Milton Sills, Barbara Bedford, Anna Q. Nilsson, Robert Edeson, Noah Beery, Louise Fazenda, Wallace MacDonald, Ford Sterling, Mitchell Lewis, Rockliffe Fellows, Sam de Grasse.

Don't Let a Low Price Keep You From Using The Best

We do not have to pay long-haul transportation and high merchandising costs to make Zerolene available. All that you spend for Zerolene goes to buy high quality only.

Zerolene forms less carbon than any other motor oil known to us. As a result, the Zerolene-lubricated car may be driven from 25% to 50% farther without having the valves ground or the cylinders rebored.

Because Zerolene gives better lubrication continuously, it reduces wear to a minimum and permits the delivery of more engine power to the wheels on the ground, giving you more mileage from your gasoline.

Insist on Zerolene—even if it does cost less
